About Us

Welcome to StoneVault Exports (India) Pvt. Ltd., a leading company catering to the Global Market for Indian Natural Stones. Started in 2013, we began relationship with Earth's deep crust and have continued to chase extreme reaches of human excellence every day since then. A passion that achieves a competitive finesse noticed and appreciated from clients across border.

The emphasis has always been on a highly evolved and meticulously crafted technological process to ensure consistently high quality standards, low production cost and a forward looking attitude that is informed about the growing needs of the challenging world market, reaching far and wide into diverse global markets like North America, Europe, Far East and MENA Region (Middle East and North Africa). We forever explore the far reaches of global standards.

We are able to feed all the requirements of the client by offering the quality stones, at the most competitive prices and completely time bound deliveries. We are presently cutting the stones coming from all part of India. We have a team of expert and skilled quality controllers, who strictly inspect our entire process, right from the procurement of raw material till the final dispatch, in our processing Unit located at Hosur near Bangalore, "The Granite capital of India".

With their full dedication and hard work, we are able to craft our offered products as per the global standards. Our spacious warehousing and packaging unit ensures the safe storage and packaging of products.

The Company is specialized in the supply of both big Gangsaw Slabs, Vertical Slabs and Tiles. We continue to evolve by touching the latest quality, design and development trends.

Stone Vault is all about "Redefining Stones" at its best to create smiles.

Core Team

Mr. S. N. Taparia Chairman

He is dedicatedly working on two and most important pillars of granite industry that is quality, benchmarking global standards and time bound deliveries.

Facility

Gantry

Multi Cutter

We ensure the quality production of finest granite.

Polishing Machine

Packaging

We continuously update our Logistics & Supply Chain mechanism for order Fulfillment. We have a very close follow up & manual check on the Quality & order completion. The packing of material is done as per the buyer needs. The standard practice is seaworthy wooden pallets with polythene sheets for slabs and corrugated seaworthy wooden crates with polythene sheets and thermo-cool for tiles and cut to size orders. The logistic part for overseas consignments is 20 ft heavy duty containers and for domestic trades it is heavy body open roof lorries. We have proper packing, crating, stuffing and dispatch of cargo thus ensure safety of the material in transit.

Marble Marble is a metamorphic rock resulting from the re-crystallization of limestone softened from heat and pressure. Main constituents are calcium and dolomite. Hardness ranges from 2.5 to 5 on the MOH scale. Marble is usually heavily veined and shows lots of grains. Dimensional marble specifications include smooth textures, ease in crafting sculptures, hence highly manageable. It is a reasonably strong and durable stone. It takes good polish, popularly used as wall claddings, floors, skirting's, table tops, treads and risers, sculptures, artifacts, etc. **SPECIFICATIONS** Rough Blocks: 210 x 140 x 100 CM+ Slabs: 210 x 140 CM+ (18 / 20 / 30 MM Thick) Tiles: 30x30, 40x40, 50x50, 30x60, 40x60, 60x60 60x90. 90x90 CM & Cut To Size. (10 / 18 / 20 / 30 MM Thick) Finishes: Polished, Honed, Shot Basted, Antique **Rain Forest Green Marble**
